Laurie Benson : An Uncommon Duke (Secret Lives of the Ton) before purchasing it in order to gage whether or not it would be worth my time, and all praised An Uncommon Duke (Secret Lives of the Ton):

Actions have consequences and when you hide said actions from your wife...well...she isn't going to like you very much. Again Mrs. Benson's humor and lively dialogue had me entertained from the first sentence to the last.Gabriel is a hero to love and Olivia is a heroine to feel for as well as laugh at her antics.Perfect secondary characters. Nicolas, their son, will have you gasping and laughing. Andrew, Gabe's brother, has enough intrigue to want his story too. And Hart--I want to grab my fan, smelling salts, and practice my coquettish smile.The heat level is a little hotter than An Unsuitable Duchess but not by much. In my opinion this book needed the extra sizzle to tell their story and I'm glad Mrs. Benson went there.The romantic suspense part of the book is clever and allows you to be suspicious without giving away the assassin's identity early in the story.2 of 2 people found the following review helpful. I love second-chance stories!By SShelbyThis is the second book in the Secrets of the Ton series. I loved An Unsuitable Duchess, too. An Uncommon Duke features the Duke of Winterbourne and his estranged wife Olivia. The two have barely spoken since the birth of their son. We meet Winterbourne in the first Ton book, and I was excited that he was getting his own book. I love the dark, brooding, misunderstood heroes, and Winterbourne is definitely that. It took me a little while to warm up to Olivia, but once you learn what she believes her husband has done, her cold demeanor with him makes sense. I can't find any other books by this author, so I assume she's new. I hope more secrets of the ton will be coming soon!1 of 1 people found the following review helpful. Veiled love cherished and revealed!By Susan ConklinLove, romance, intrigue, integrity, loyalty, attitude, and bruised feelings amidst misunderstanding of actions and intentions demonstrates how difficult it is to have a true, open, and honest relationship when so much is at stake. How can one trust even one's partner when other's lives are in danger? How can one detect who is true and who is being used for political protection or gain? Yet, there is hope unbeknownst to both main characters to realize their love. A must read! I couldn't put it down or read fast enough to discover the outcome. Bravo to Benson.

Confessions of a Regency dukehellip; When the Duke of Winterbourne proposed to Olivia, she felt like the luckiest girl alive. Their happy marriage was the envy of the ton. But all that changed when Gabriel wasn't there the night Olivia gave birth to their sonhellip; Gabriel's life is rooted in darkness, and he's learned the hard way not to trust

anyone with the truth. Yet, now his wife wants to try for another child; and Gabriel must bare his secrets in order to bring Olivia back into his bed, and by his side, forever!

"It has everything you want from a good book: suspense, intrigue, a fabulous love story, characters that you adore from page one, and a brilliant plot. This is one of those rare gems that you can read and reread over and over again." - Chicks, Rogues and Scandals "With a hint of drama and intrigue, I couldn't help but root for the characters and the little touches of humor added an overall sparkle to an already outstanding story." - Sarah S., Goodreads review "This is one of those stories where you just adored the main characters so much that after the end you want a short novella where the couple is living their happy ever after and it's just a bunch of fluff because you just want to read more about them." - Carol, Goodreads review About the Author Laurie Benson is an award-winning historical romance author and RWA Golden Heart reg; finalist.
